**MEMORANDUM FOR:** Deputy Director for Support

**SUBJECT:** Utilization of Interim Assignment (Pool) Slots

25X1

**REFERENCE:** Memo dated 19 May 1966 to the Executive Director-Comptroller from the Acting DD/S, Same Subject (attached) (ER 66-2513)

1. Reference request is returned without approval as I am not persuaded that the Interim Assignment Section should be used to provide ceiling relief for the permanent staffing requirements of the Office of Personnel.

2. I recognize that this unforeseen requirement places an additional burden on the Office of Personnel. However, I note a continuing understrength status in relation to authorized ceiling throughout the DD/S during the past nine months; to cite but two examples, the immediate office of DD/S has averaged seventeen positions understrength and Office of Logistics has averaged twenty-seven positions understrength since August 1965. Therefore I ask that you provide the needed relief for these two positions by internal ceiling adjustments within the DD/S and program the added requirement into the FY 1968 budget.
